# ESMO PRECEPTORSHIP PROGRAMME GASTRIC CANCER

Multidisciplinary management, standards of care, therapeutic targets and future perspectives

## Singapore 4-5 December 2024

#### **CHAIRS**

Florian Lordick, Germany Sun Young Rha, Republic of Korea

#### **SPEAKERS**

Takuji Gotoda, Japan Hanneke van Laarhoven, the Netherlands Tony K. H. Lim, Singapore Matthew C. H. Ng, Singapore Joanne Y. Y. Ngeow, Singapore Elizabeth Smyth, United Kingdom Jimmy B. Y. So, Singapore Wei Peng Yong, Singapore

#### LEARNING OBJECTIVES

- To learn the fundamental of epidemiology, aetiology, pathogenesis, molecular events, and ethnic patterns as contributing factors to heterogeneity in gastric cancer (GC)
- To understand the importance of pathology and molecular factors
- To learn about best clinical practice in the multidisciplinary management of gastric and gastro-esophageal junction (GEJ) and esophageal squamous cell cancers in the adjuvant and metastatic settings
- To learn about current best practice for endoscopic and surgical resection of localised gastric cancer
- To be able to compare the benefits of neo-adjuvant, adjuvant approaches and the value of radiotherapy in the management of localised gastro-esophageal cancers
- To learn about the management of patients after progression, in special situations, and side effects of treatments
- To learn about the advances in the treatment and novel targets in gastric cancer

#### **ACCREDITATION**

The programme of this event has been accredited with 9 ESMO-MORA category 1 points.

Recertification is necessary for medical oncologists to remain professionally certified by ESMO. Recertification guarantees that a certified medical oncologist has continued to update her/his knowledge and continues to possess the necessary skills and standards for the practice of medical oncology. For further details, please refer to esmo.org.

#### **ORGANISATION AND CONTACTS**

ESMO Head Office Education Department Via Ginevra 4, 6900 Lugano, Switzerland Email: courses@esmo.org

## Wednesday, 4 December 2024

| 09:30-09:40<br>10' | Welcome and introduction   | Florian Lordick, DE<br>Sun Young Rha, KR |  |
|--------------------|--|--|--|
| 09:40-11:10        | SESSION 1  | Chair:                                   |  |
| 90'                | Epidemiology, pathology and classification of gastric cancer             | Sun Young Rha, KR                        |  |
| 25'                | Epidemiology, pathogenesis and staging                                   | Florian Lordick, DE                      |  |
| 25'                | Pathology of gastric and EGJ cancer: Classification and biomarkers       | Tony K. H. Lim, SG                       |  |
| 25'                | A practical approach to hereditary gastric cancers                       | Joanne Y. Y. Ngeow, SG                   |  |
| 15'                | Discussion   | Faculty                                  |  |
| 11:10-11:40        | Coffee break   |  |  |
| 11:40-12:45<br>65' | SESSION 2 Treatment of early and localised gastric cancer                | Chair:<br>Florian Lordick, DE            |  |
| 25'                | Endoscopic treatment: EMR and ESD  | Takuji Gotoda, JP                        |  |
| 25'                | Surgical approach  | Jimmy B. Y. So, SG                       |  |
| 15'                | Discussion   | Faculty                                  |  |
| 12:45-13:45        | Lunch  |  |  |
| 13:45-15:15        | SESSION 3  | Chair:                                   |  |
| 90'                | Perioperative strategy of localised gastric cancer                       | Elizabeth Smyth, UK                      |  |
| 25'                | Adjuvant treatment of gastric cancer                                     | Sun Young Rha, KR                        |  |
| 25'                | Neo-adjuvant and perioperative concepts                                  | Matthew C. H. Ng, SG                     |  |
| 25'                | Integration of immune-therapy and targeted therapy                       | Florian Lordick, DE                      |  |
| 15'                | Discussion   | Faculty                                  |  |
| 15:15-15:45        | Coffee break   |  |  |
| 15:45-16:45<br>60' | SESSION 4 Specific situation of metastatic gastric cancer                | Chair:<br>Sun Young Rha, KR              |  |
| 25'                | Approaches to treatment of oligometastatic disease                       | Hanneke van Laarhoven, NL                |  |
| 25'                | Conversion surgery   | Jimmy B. Y. So, SG                       |  |
| 10'                | Discussion   | Faculty                                  |  |
| 16:45-17:15<br>30' | SESSION 5 Participants clinical case discussion                          | Chair:<br>Matthew C. H. Ng, SG           |  |
| 30'                | Participants clinical case discussion (2x15') (locally advanced disease) | Faculty                                  |  |
|                    |  |  |  |

### Thursday, 5 December 2024

| 09:00-10:30<br>90' | SESSION 6 Systemic treatment of metastatic gastric cancer | Chair:<br>Wei Peing Yong,SG |
|--------------------|---|-----------------------------|
| 25'                | Standard chemotherapy and sequencing                      | Elizabeth Smyth, UK         |
| 25'                | Immunotherapy   | Sun Young Rha, KR           |
| 25'                | Targeted therapy  | Wei Peng Yong, SG           |
| 15'                | Discussion  | Faculty                     |

| 10:30-11:00        | Coffee break   |  |
|--------------------|--|--|
| 11:00-12:15<br>75' | SESSION 7 Participants clinical case discussion                  | Chair:<br>Hanneke van Laarhoven,<br>NL   |
| 75'                | Participants clinical case discussion (5x15') (advanced disease) | Faculty                                  |
| 12:15-12:20<br>5'  | Conclusion and farewell  | Florian Lordick, DE<br>Sun Young Rha, KR |
| 12:20-13:20        | Lunch  |  |

Note: Each 15-minute slot for clinical case discussion includes a 7' case presentation and an 8' Q&A / panel discussion
