13 - 19 September 2024

Pre-opening 5 September 2024 (Congress bag only)

Content available on OncologyPRO from 20 September 2024

1. INTRODUCTION

Each satellite symposium will have a dedicated virtual space to upload satellites-related materials, such as presentations, session information, disclaimer, speakers' biographies and pictures and also to interact with the delegates via the comments function.

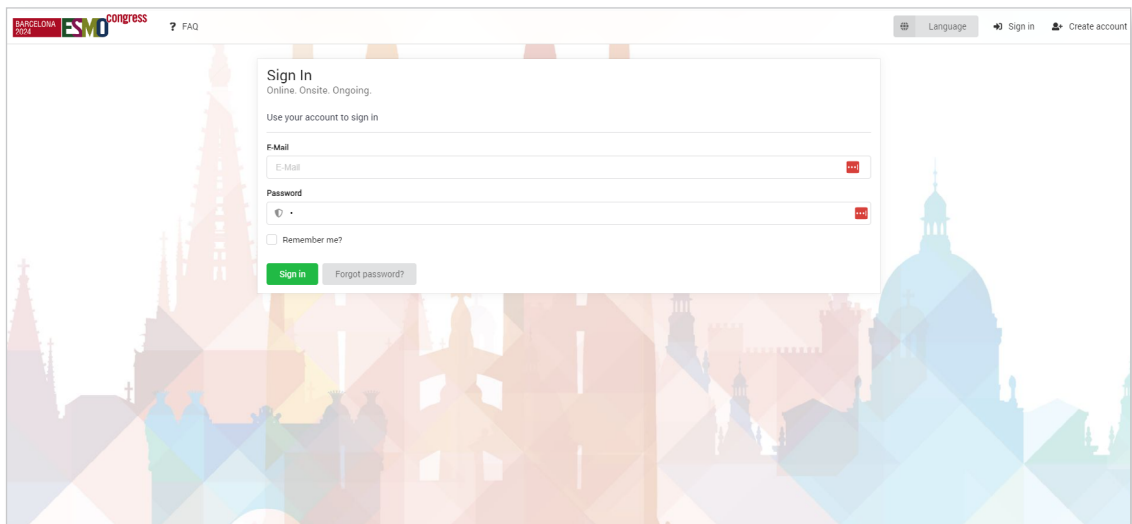

Log-in details for accessing the virtual platform backend will be sent on **30 July 2024** to the main satellite contact (named "convenor" in this manual) of each company separately.

The deadline to upload all company material is **3 September 2024**, whereas presentations in .pptx format can be uploaded until **10 September 2024**. After this date, presentations must be uploaded on-site at the Industry Upload Area from **12 September 2024**.

2. SIGN IN

The convenor will receive the backend access link and should follow these steps:

- Please click on the access link that will be shared via email
- Enter your credentials**
- Click on "**Sign in**"

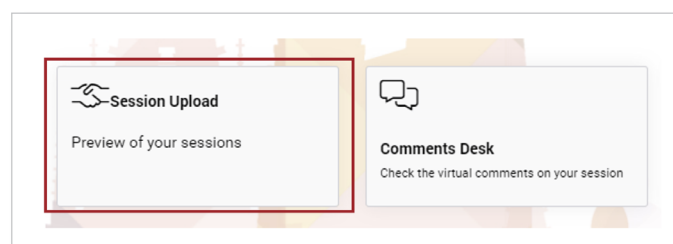

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

If you forgot your password, click on "Forgot password**" to receive an email with a link to reset it. If you do not find the email in your inbox, please make sure to check your junk/spam folder.

2.1 Desktop view

Click on Session Upload to have access to your satellite virtual space.

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

2.2 Session collaboration module/overview

Session(s) and presentations overview:

Session Collaboration

Your sessions for collaboration and content review

3. PRESENTATION DETAILS

3.1 Content details overview

After clicking on “**Detail**”, you will see the details of the presentation. Once this page has opened, you will also be able to upload the speaker’s picture and biography, as well as the speaker’s presentation.

Content details

Presentation Title	Presentation 1
Presentation Type	Satellite Speaker - Live
Session	TEST - Company Name - Industry Satellite Symposium Session Title
Session Type	Industry Satellite Symposium
Date	14 September 2024, 10:00 PM
Time	20 Minute(s)
Speaker	Test Speaker 1

Presentation details
Presentation details pre-filled, based on the programme submitted to satellites@esmo.org

Upload photo/ Edit biography
The convenor can upload the speaker picture and the biography

Show preview
From here, the convenor can see the preview of the speaker picture and biography

Biography

[Upload photo](#) [Edit biography](#)

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

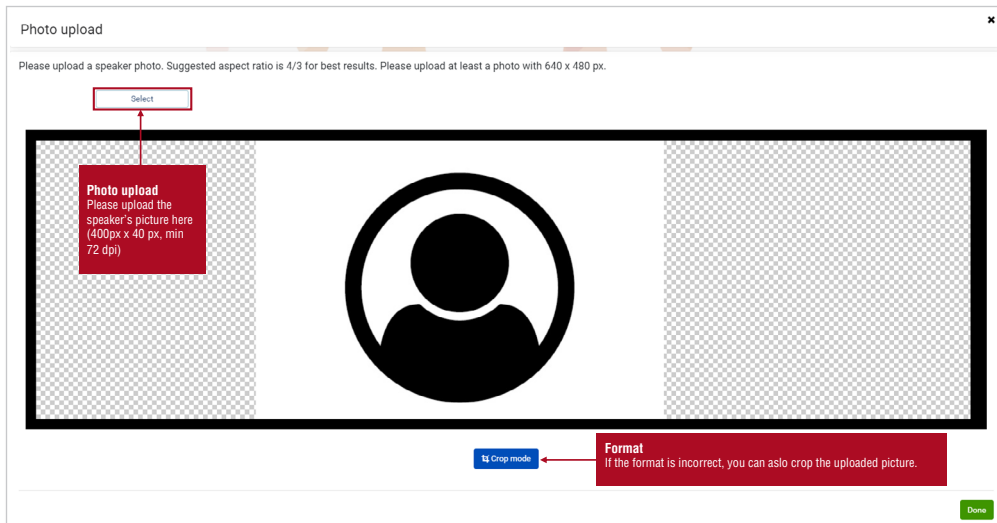

3.1.1. Upload speakers' photo and biography

Convenors may upload their speakers' biographies and pictures (prior collection of their consent).

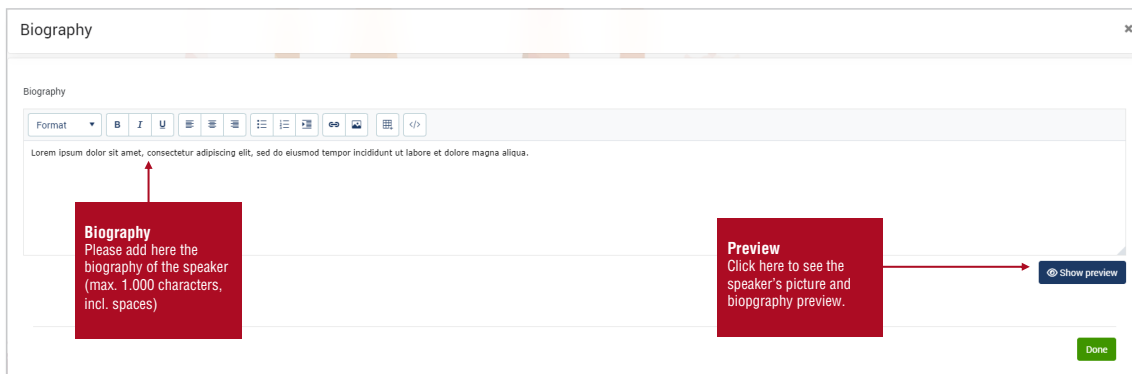

Once logged in, please go into the details of a presentation and click on **“Upload photo”** or **“Edit biography”**.

IMPORTANT NOTE:

Please upload unbranded speakers' pictures and be aware that ESMO and speakers have the right to change both the pictures and biographies whenever needed (as the speaker's profile applies to the whole platform).

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

IMPORTANT NOTE:

Please note convenors will not be able to add pictures nor biographies for co-chairs and/or co-speakers via the backend directly. In this specific case, please send the relevant files to esmo.industry@m-events.com.

4. PRESENTATION UPLOAD

Before uploading any document on the backend, the system requires the acceptance of upload and webcasting conditions.

4.1 Presentation preview and upload conditions

Preview
By clicking on this function, it is possible to see the preview of the uploaded presentation.

Upload
In the next steps you will supply all necessary information for your programme content. Please upload your files by following the conditions hereunder.

Conditions
Sponsors and presenters hereby grant ESMO the right to use their presentation slides and audio/video webcast given during ESMO 2024, on the ESMO and OncologyPRO websites, during ESMO approved third-party events and/or on ESMO approved third-party websites (possibly with ESMO validated translation), and to use their name in connection therewith. This release does not prevent companies from making full use of the materials or information contained in their presentation(s).

In addition:

- Patient anonymity: No patient names or any other information allowing the identification of a patient must appear in the presentation material. Patient anonymity must always be guaranteed
- Copyright reserved material: It is the company's responsibility to ensure that each part of the slide show (figures, tables, images, etc.) is free of any third-party rights and is cited correctly
- Advertising of products is prohibited. Companies must ensure that their presentation(s) provide objective information based on scientific methods generally accepted in the medical community and is free of commercial bias
- Companies must be sensitive to diversity and ensure that their presentation(s) are free from any content (whether oral or visual) that may be perceived as discriminatory or derogatory

Data Content
Sponsors and presenters hereby agree that they are responsible for the information they provide to ESMO in connection with their industry Satellite Symposium and any related video interview, and ESMO's publication of it will not violate the intellectual property or privacy rights of any third party.

Upload
Once the file has been uploaded and the system has automatically checked the files (this process might take some minutes depending on the traffic and the size of the content), you will be able to get a preview of how your content will appear. A notification will appear in case of any blocking issue with your files(s), e.g. missing video files or corrupt presentation files.

Please also note that the maximum size for each uploaded file is 5.0 GB.

Please make sure to use the latest possible browser version of Google Chrome, Apple Safari, Mozilla Firefox or Microsoft Edge to have the best upload experience.

I confirm to have the rights to upload the content files on behalf of the sponsoring company (including speakers' biographies and pictures).

Presentation Upload
After giving consent, the convenor can start the upload process.

Upload content

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

4.2 Webcasting conditions

Presentation Upload
OVERVIEW > **CONDITIONS** > KEYWORDS & SETTINGS > FILE TRANSFER > SLIDE PREVIEW

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

IMPORTANT NOTE:

Once the topic(s) has been selected, please remember to click on **“Next”**. The presentation topics selection is required for a better on-demand navigability of the post-congress resources.

4.4 Presentation upload

Convenors will be able to upload speaker's presentations in advance, via the Virtual Congress Platform backend (m-anage) until **10 September 2024**, or on-site at the Industry Upload Area from **12 September 2024**. For further details on the frontend view, please refer to the [ESMO 2024 Industry Satellite Symposia Technical Manual](#) (page 26). In case of **remote speakers**, convenors must upload the pre-recorded file (in .mp4 format) by **10 September** at the latest.

NEW

IMPORTANT NOTE:

Due to the nature of the on-site presentation system and to allow a smooth recording process, companies are required to prepare and upload **one PPT for each lecture**. Hence, also the **Welcome and Conclusion** lectures require a **slide**. **Unique show file will not be accepted.**

Presentation Upload

My Presentation at ESMO2024

Satellite Symposia

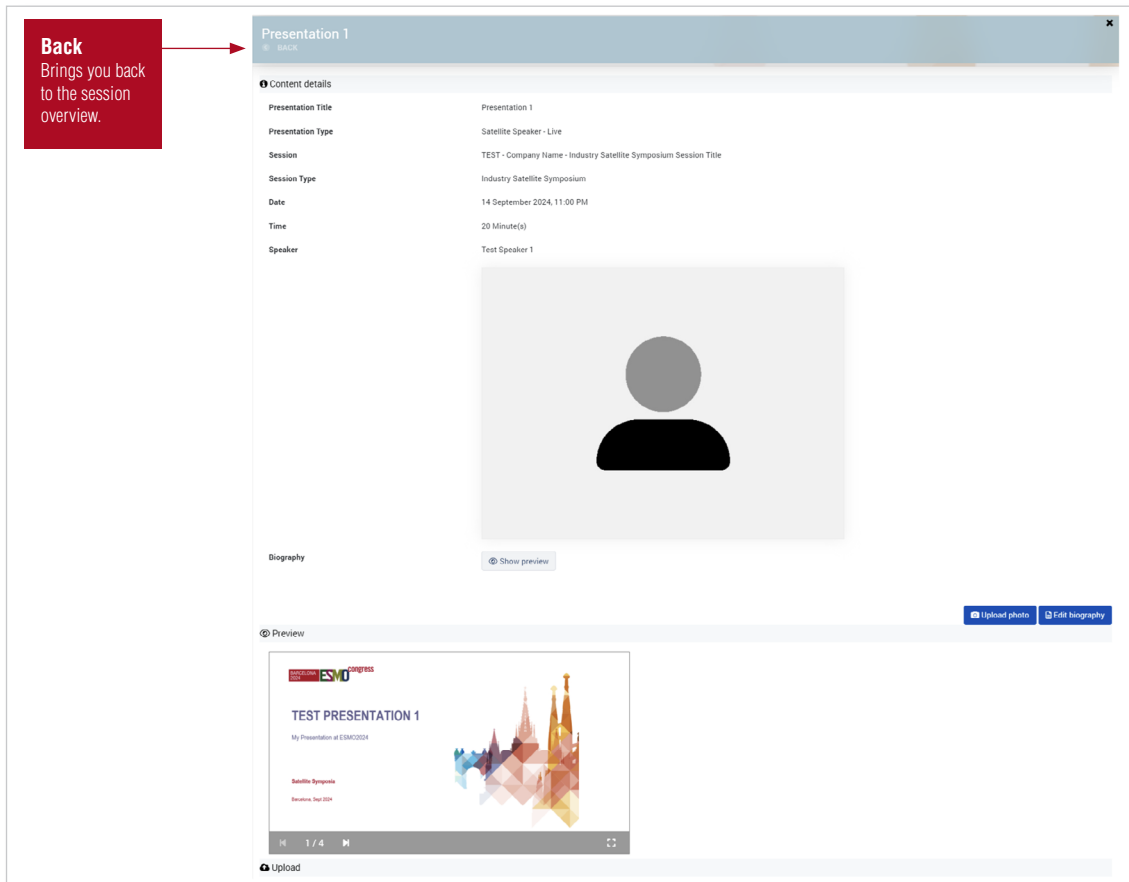

Barcelona, Sept 2024

1 / 4

Back **Finish** Will bring the user back to the presentation detail screen. Finish

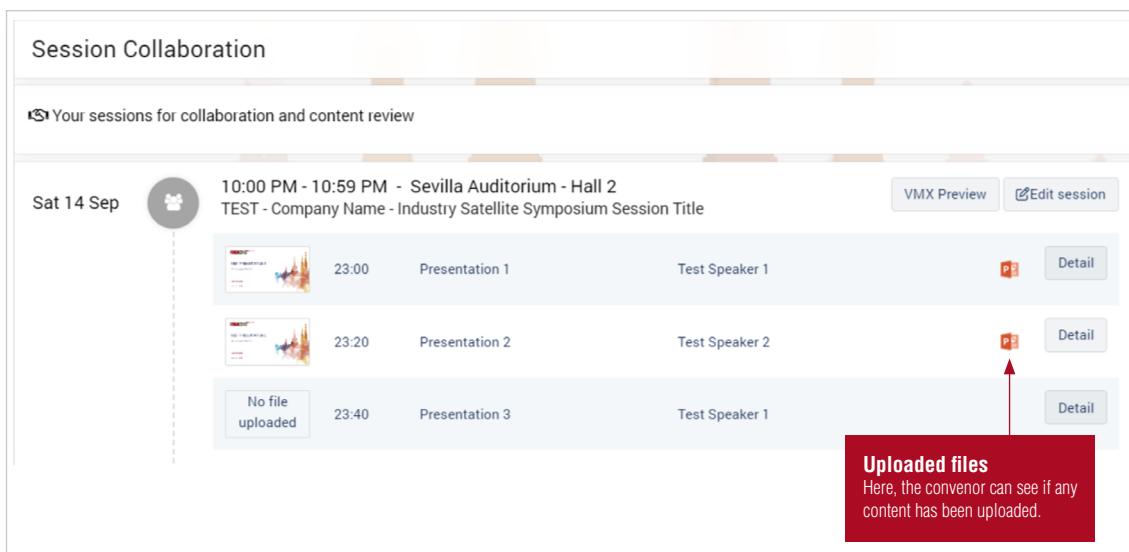

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

4.6 Presentation details with preview

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

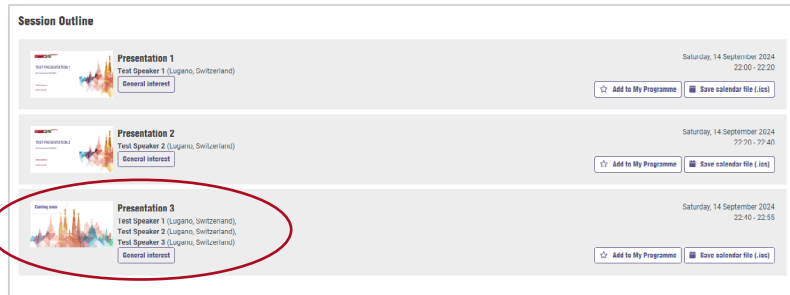

4.7 Session overview with uploaded files

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

4.8 Presentation display on the Virtual Congress Platform (frontend)

On the Virtual Congress Platform frontend, presentations will be displayed on the satellite on-demand page as per image below (one single presentation for each speaker/lecture).

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

IMPORTANT NOTE:

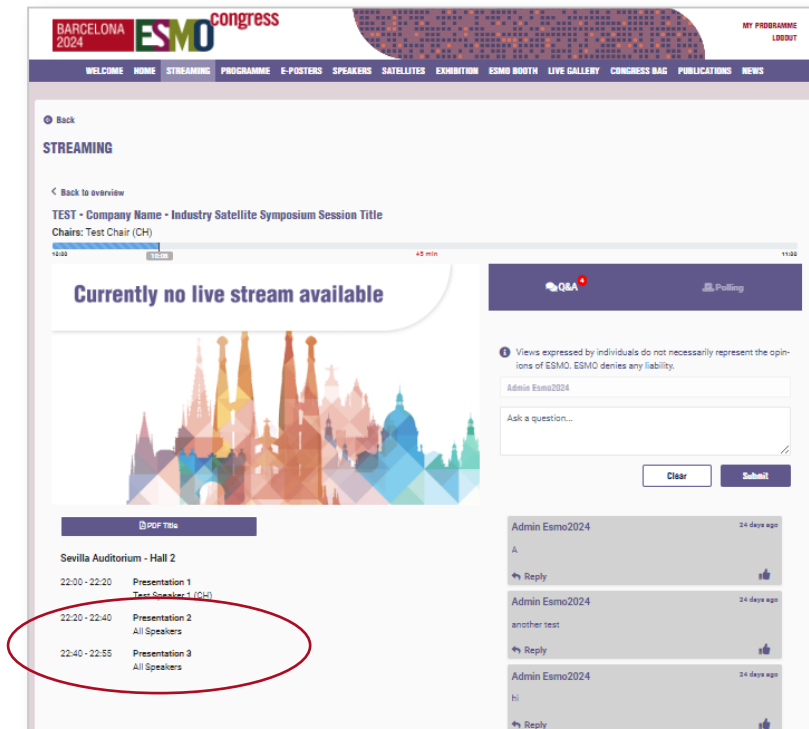

Should you have more than one speaker involved in one presentation (e.g. during the discussion), please note that the speakers will be published as follows:

Satellite on-demand page

All single speaker's names will be listed by default under the lecture title (refer to screenshot above).

Satellite live streaming

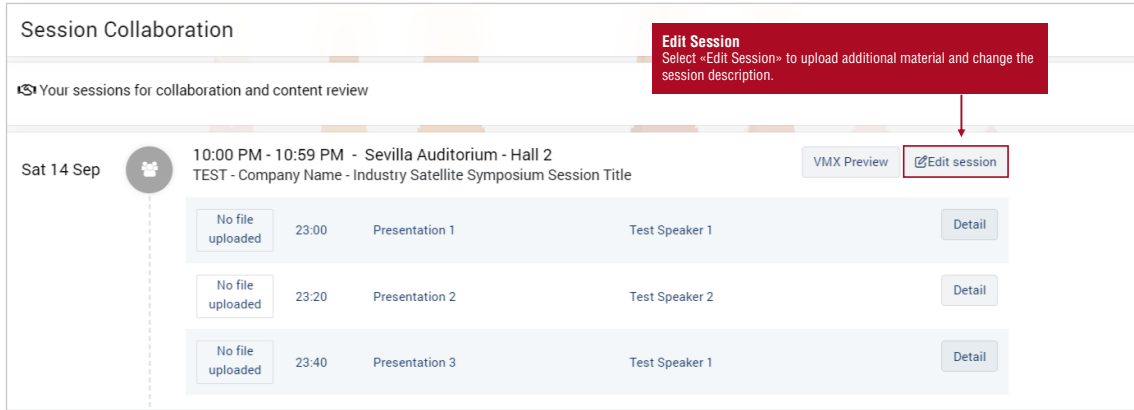

The speakers will be published as "All speakers" on the online live streaming, since the system only allows one name per lecture.

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

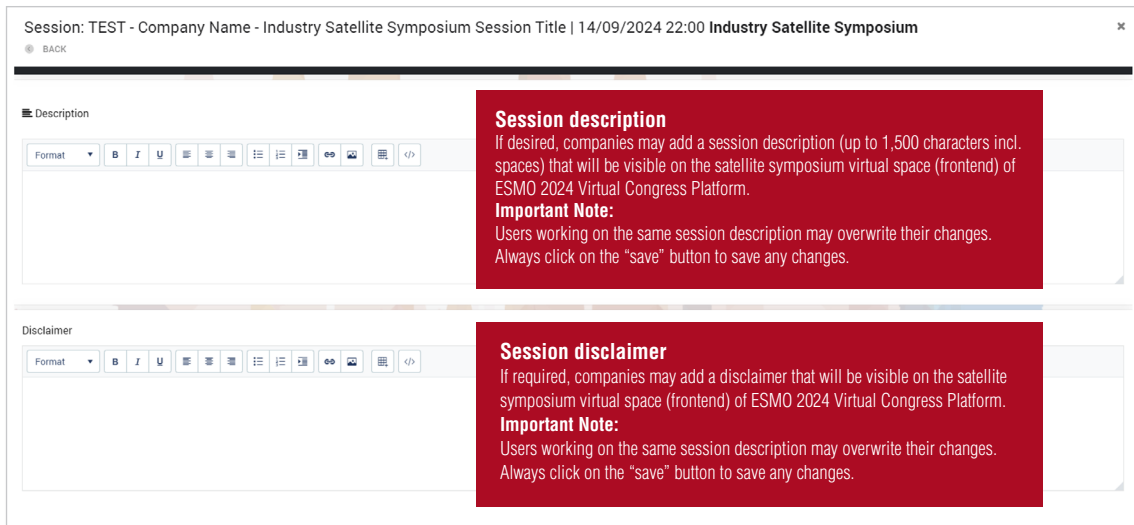

5. EDIT SESSION

The “Edit Session” icon will enable the upload of additional material and change all information related to the session. Everything uploaded here will be visible on the satellite on-demand page.

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

5.1 Session description and disclaimer

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

5.2 Features and additional material upload

Enable/disable features
Choose to enable or disable the following features available for on-demand content only:

- Rating
- Comment function
- Click on "save"

Interactivity

Rating Participants can rate the session with 1-5 stars

Comments

Enable Comments OnDemand Participants can comment the session on VMX

- Show by default Comments by participants are shown automatically (Can be monitored on the VMX Comment Helpdesk)

Save ← Always save your changes.

PDF

Additional downloadable files for the session

Select ... ←

Additional material - PDF
Upload max 5 pdfs:
- Click on "Select"
- Choose the file from your server (**important: title should be max. 20 characters incl. spaces**)
- Once uploaded you can add the description sentence of the PDF and then click on "Save"

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

Please be informed that the PDFs uploaded onto the satellite symposium dedicated virtual space will be automatically shown on the satellite on-demand page and on the live streaming.

6. VMX PREVIEW FUNCTION

The VMX Preview icon, when clicked on, will give access to the preview of the satellite on-demand page.

The VMX Preview will show all sessions' and chairs' details (like picture and biography), but not those of the speaker's.

Speakers' biographies and pictures will be visible under the section "Detail" of each lecture. For more information please refer to chapter 3 ([page 7](#)).

The screenshot displays a session page for "Sat 14 Sep" at "10:00 PM - 10:59 PM - Sevilla Auditorium - Hall 2". The session title is "TEST - Company Name - Industry Satellite Symposium Session Title". A red box highlights the "VMX Preview" button, which is next to an "Edit session" button. Below the session header, there is a list of presentations:

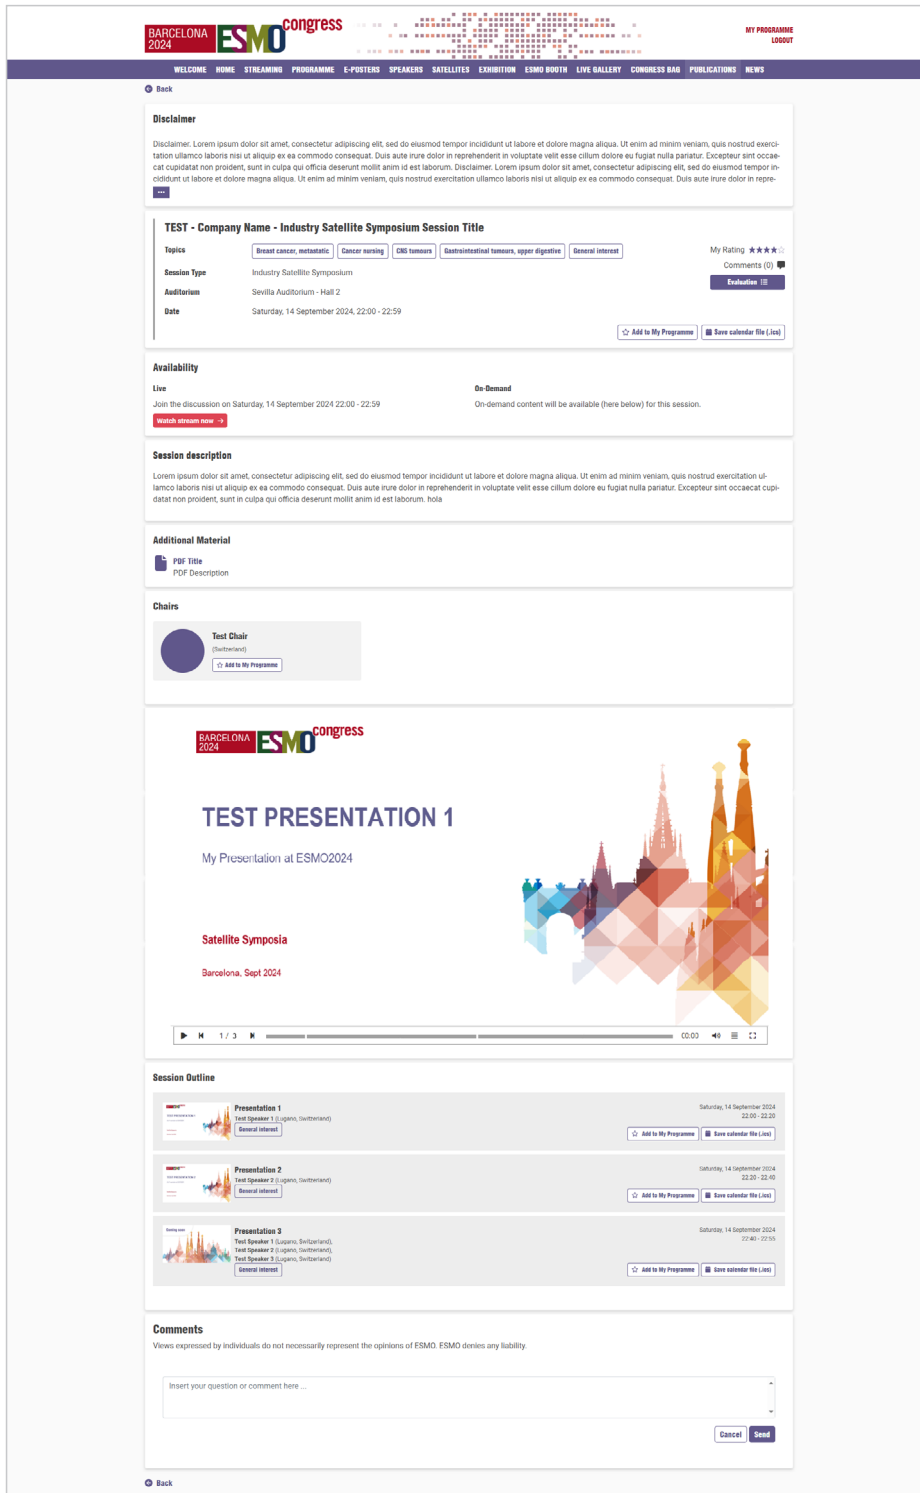

Time	Presentation Title	Speaker	File Status	Action
23:00	Presentation 1	Test Speaker 1	PDF icon	Detail
23:20	Presentation 2	Test Speaker 2	PDF icon	Detail
23:40	Presentation 3	Test Speaker 1	No file uploaded	Detail

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

6.1 Satellite on-demand page preview

On the frontend, the satellite on-demand page will have a similar look as shown here below.

The sponsor's disclaimer will introduce the page, followed by all information related to the company, the session, contents, chair and speakers.

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

7. COMMENTS FUNCTION

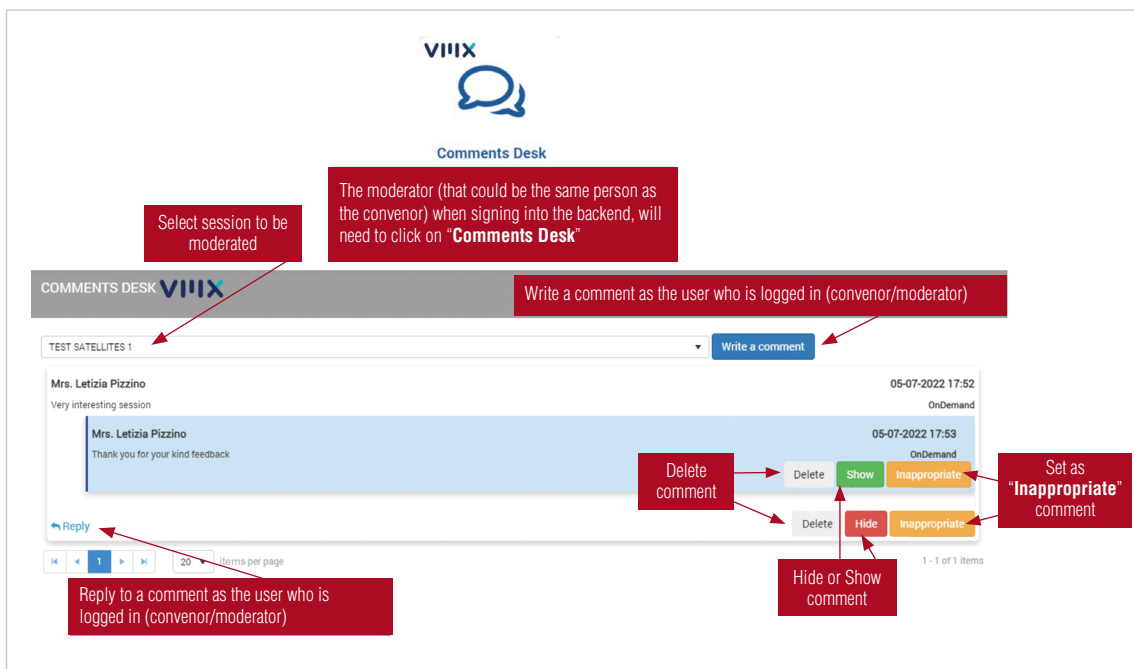

Each satellite symposium will be given the possibility to have on its virtual space a dedicated comments functionality allowing for a more engaging experience with participants, who can post comments and reply to other attendees. The moderation function is active by default.

Via backend, convenor can enable/disable this function for their satellite, reply and delete comments when necessary. For further details on the frontend view, please refer to the [ESMO 2024 Industry Satellite Symposia Technical Manual](#) (page 28).

IMPORTANT NOTES:

- The comments are not moderated by default
- Convenors can decide to enable/disable this function and if the comments shall be shown by default or be moderated. If the convenor does not activate the **“Show by default”** checkbox, all the comments are hidden automatically
- The moderator confirmed to ESMO by **31 July 2024** will be added accordingly to the backend; should there be any changes, please send an email to satellites@esmo.org

The comments function will be available throughout the whole period the platform is open and includes admin access for sponsors to the moderation dashboard.

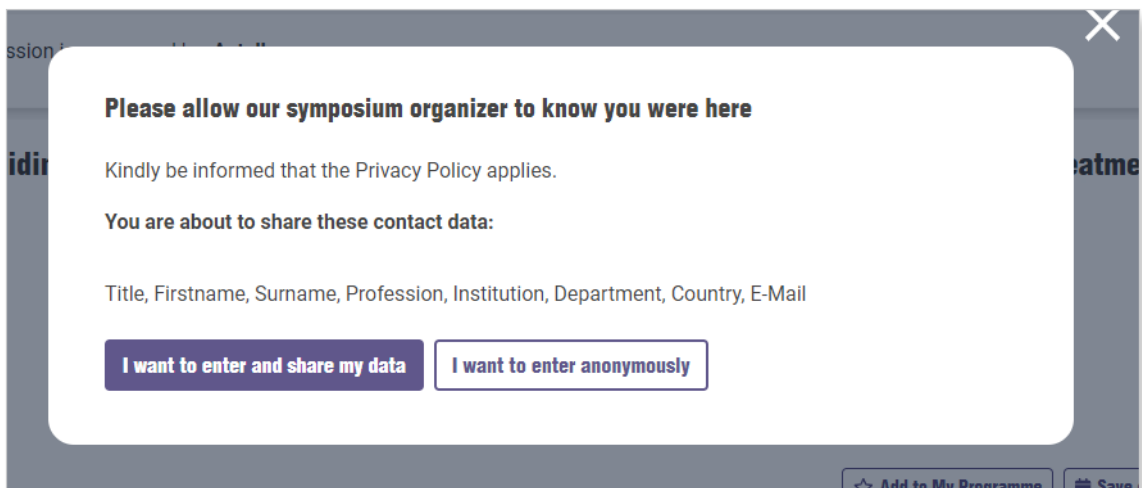

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

8. LEAD RETRIEVAL (OPTIONAL AND AT OWN EXPENSE)

The lead retrieval feature can be ordered via the online [Satellite Symposia Services Order Form](#) by **31 July 2024**. For further details on the lead retrieval option, please refer to the [ESMO 2024 Industry Satellite Symposia Technical Manual](#) (page 32, paragraph 7.2).

8.1 Frontend view

Delegates can access the satellite symposium anonymously or by providing selected contact data.

Please allow our symposium organizer to know you were here

Kindly be informed that the Privacy Policy applies.

You are about to share these contact data:

Title, Firstname, Surname, Profession, Institution, Department, Country, E-Mail

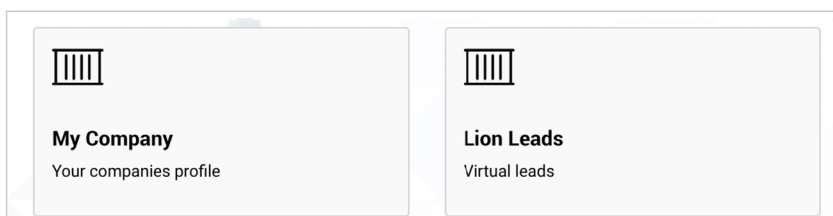

I want to enter and share my data **I want to enter anonymously**

*Indicative example, all visuals/graphics of this document are subject to change according to the ESMO 2024 design.

8.2 Backend access

The backend access link to the lead retrieval data will be sent individually to the responsible person for the organisation of the symposium. Please note that such link is different from the one giving access to the backend of the satellite symposium dedicated virtual space.

Once you go on the [provided link](#), please enter your credentials and you will see the items **“My Company”** and **“Virtual Leads”**. To check the settings (no actions required), please go on **“My Company”** and then select the tab **“Legal items setup”**.
