Dear Industry Partners,

We invite you to save the date for the European Lung Cancer Congress (ELCC 2025), taking place in Paris, France from 26-29 March 2025 and online via our LIVE Plus format.

The European Lung Cancer Congress (ELCC 2025) is a collaborative effort of multidisciplinary societies representing thoracic oncology specialists, working together to advance science, disseminate education and improve the practice of lung cancer specialists worldwide. Medical oncologists, radiation oncologists, thoracic surgeons, respiratory physicians / pneumologists, interventional radiologists and pathologists, all benefit from its comprehensive and stimulating programme.

During this event, delegates will be able to:

- Update their knowledge in prevention, screening and early detection of thoracic malignancies
- Review current perioperative management of localised lung cancer and in systemic therapy of advanced tumours
- Learn how to best sequence or combine therapies in advanced non-small cell lung cancer
- Review the current and emerging contribution of precision medicine, big data and artificial intelligence, biomarkers and liquid biopsies in the optimal management of patients with thoracic malignancies

Make sure you connect to this highly interactive meeting and share your expertise with lung cancer specialists from all over the world.

As a valued industry partner, you can benefit from a variety of sponsorship and exhibition opportunities, designed to offer optimal visibility to your content and messaging.

We look forward to collaborating with you in the lead up to this important meeting and we thank you for your invaluable support.

# INDUSTRY SATELLITE SYMPOSIA

## 1. SATELLITE SYMPOSIA GENERAL INFORMATION

Satellite symposia will take place from 26 to 29 March 2025 both onsite and on the VCP. Details of available slots may be obtained by email from the ESMO Events Sponsorship Team ([sponsorevents@esmo.org](mailto:sponsorevents@esmo.org)).

### 1.1 Satellite Symposia Programmes

All satellite symposia programmes must be approved by the ELCC 2025 Scientific Committee prior to any invitations with a view to ensuring the scientific quality and scope of such symposia within the framework of the Congress.

Companies are strongly encouraged to establish a programme in line with the general concept of the Congress scientific programme. Current ELCC 2025 policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ELCC 2025 Scientific Committee considers to be a proper, scientifically well-founded point of view.

ESMO is working to ensure diversity amongst presenters, and companies are also highly encouraged to consider both gender and nationality balance when selecting satellite Chairs and speakers.

The ELCC Secretariat reserves the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the ESMO Executive Board recommends that a speaker presents at no more than one (1) satellite symposium. However, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Congress. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not.

Additionally, and in accordance with ESMO Organisational Regulations, the following ESMO Officers are not allowed to participate (either as a Chair or Presenter) in any satellite symposium:

- Congress Scientific Co-Chairs
- ESMO Cancer Medicines Committee Chair
- ESMO Compliance Committee Chair
- ESMO Educational Committee Chair
- ESMO Guidelines Committee Chair
- Editors-in-Chief of ESMO Journals
- Deputy Editors-in-Chief of ESMO Journals
- ESMO-Magnitude of Clinical Benefit Scale Working Group Chair

All other ESMO Executive Board and Council members may participate in a maximum of two industry satellite symposia subject to approval by the ESMO Executive Board. This restriction does not apply to ESMO Colloquia.

Details of the ESMO Council may be found via: [www.esmo.org/about-esmo/organisational-structure/esmo-council](http://www.esmo.org/about-esmo/organisational-structure/esmo-council).

Any changes to the provisional or the final programme must be forwarded immediately for re-approval to the ELCC secretariat ([programme@esmo.org](mailto:programme@esmo.org)). After the outcome notification, only minor changes will be taken into consideration.

Submitting an abstract to the ELCC 2025 Scientific Committee and the official Congress programme implies that the study reported therein will not be presented as such during the Congress at any Industry Satellite symposium and that it has not been presented elsewhere. Therefore, presenting an abstract certifies that it is not connected to any Industry Satellite Symposia.

Regarding **onsite Faculty expenses**, please see details in **point 2.16**.

## 1.2 Applications

The ESMO Events Sponsorship Department will approach companies with a proposal to participate at ELCC 2025. At the Congress, Satellite Symposia slots are assigned by sponsorship level and on a first come, first served basis.

## 1.3 Programme submission deadlines

27 November 2024	<p>Deadline for receipt of the programme proposals.</p> <p>The proposed programme, including symposium title, presentation titles, names and full contact details of proposed speakers and chairpersons, must be submitted to the ELCC secretariat (<a href="mailto:programme@esmo.org">programme@esmo.org</a>) using the official Congress programme template.</p>
11 December 2024	<p>The ELCC Secretariat sends out notification of acceptance, rejection and/or request for modifications to the programme as decided by the Scientific Committee. After this deadline, <b>only minor changes</b> will be taken into consideration.</p>

### Notes:

1. The above timeline has been established to give all sponsors equal opportunities to invite preferred Speakers and late submission of programme proposals cannot delay the overall approval process. Sponsors who do not adhere to the deadline risk not being able to invite preferred Speakers if they have already been confirmed for other satellites in accordance with this schedule.
2. It will be the responsibility of Speakers who have been nominated for more than two satellites to choose which to accept.
3. Any queries regarding satellite symposia programmes must be addressed to the ELCC Secretariat ([programme@esmo.org](mailto:programme@esmo.org)), and not sent directly to the ELCC 2025 Scientific Committee.

## 1.4 Support an ESMO Colloquium

### *Slots will be allocated by ESMO*

A variety of independent state-of-the-art updates on new developments in oncology can be supported with the primary objective to further enhance the educational experience of our delegates.

This will allow you to support official scientific education by ESMO without being directly involved in the development of the programme, or in selecting the faculty. ESMO handles all logistics and promotion of the colloquia. All colloquia will be recorded and the on-demand versions will be promoted via the OncologyPRO newsletter after the live event.

Companies interested in this product must secure a satellite symposium slot first.

For more information, please contact [colloquia@esmo.org](mailto:colloquia@esmo.org)

*\*All ESMO Colloquia Slots are ESMO-MORA accredited*

## 2.2 Technical equipment

The technical equipment will include a screen, projector, laptop on stage and a sufficient number of microphones. Speakers on stage will be able to follow the presentations through a comfort monitor and will have.

The audiovisual details for each room will be provided in the ELCC 2025 Industry Satellite Symposia Technical Manual (including a checklist) four months before the congress.

## 2.3 Technical and monitoring staff

One technical staff member and one hostess are assigned to each room. Please note that badge checkers are not provided for satellite slots. If you require this service, it will need to be booked separately. Additional hostesses can be booked through the local agency.

The contact details of the local hostess agency will be provided in the ELCC 2025 Industry Satellite Symposia Technical Manual (including a checklist) four months before the congress.

## 2.4 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between satellite symposia slots (15 minutes), change of setup is not allowed. Additional audio-visual equipment should only be ordered through the official supplier.

The contact details of the official audiovisual equipment supplier will be provided in the ELCC 2025 Industry Satellite Symposia Technical Manual (including a checklist) four months before the congress.

Due to the hybrid nature of the congress, and the specific set up put in place for the online streaming, it is not permitted to use an external technical supplier.

## 2.5 Session rooms lectern and panel table

Kindly be informed that the lectern can be branded. It is very important that the ELCC 2025 graphic will not be ruined, therefore, considering also the limited set-up and dismantling times, ESMO suggests you create a graphic which can easily be removed (e.g. forex panel to be placed against the lectern). The company is responsible for printing and hanging the graphic.

The size of the signage covering the furniture will be provided in the ELCC 2025 Industry Satellite Symposia Technical Manual (including a checklist) four months before the congress.

## 2.6 Lectern laptop usage

Due to the hybrid format of this congress, the following regulations will apply to the onsite laptop at the lectern in the assigned room:

- The laptop **cannot** be removed or un-cabled from the lectern
- It is strictly forbidden to upload any presentation on the laptop using a USB key
- No laptop set-ups can be changed

## 2.7 Online streaming of the onsite satellite symposium

All Satellite Symposia of the ELCC 2025 will be live-streamed on the Virtual Congress Platform. The live streaming will give online delegates the opportunity to follow the Satellite Symposia in real time and post questions through the dedicated Questions & Answers function. While onsite, Satellite Symposium Chairs/assigned moderator will be able to read questions on a specifically dedicated device (tablet) and decide to answer those of interest.

## 2.8 Polling system

Companies interested in using a polling system can order it through the official supplier CTI Meeting Technology. The brochure and order forms will be available on the event website no later than four months before the congress. The polling system is exclusively provided by CTI Meeting Technology. Polling/ voting systems from different providers are not permitted.

## 2.9 Session timer

In order to avoid sessions running late, ESMO implemented a timer in all the session rooms of the ELCC 2025. The timer is a count-down, which allows speakers to monitor their presentation remaining time and it's displayed only on the comfort monitor(s) visible by the panellists and the speaker at the lectern. It is not visible by the audience nor in the produced webcast.

This timer is implemented to all Satellite Symposia by default, but in order to take advantage of it **companies MUST provide the session slides divided by presentation.**

If the sponsoring company does not want the session timer, please notify ESMO at [elcc@esmo.org](mailto:elcc@esmo.org)

## 2.10 Lead System / Badge Scanner

The ELCC 2025 Lead Retrieval System is a fast and easy way to record visitors' contact information. By simply scanning a visitor's name badge with the supplied scanner, that contact is entered into your own visitor database, including all relevant product information or comments which have been added to these visitors' profiles beforehand. Following the event, approved visitors' address data can be provided in printed form or as a MS Excel file, or made available with proper access rights through an online platform. Further details are available in the Lead System brochure and order form on the ESMO website, published no later than four months before the congress.

## 2.11 Food & Beverage

Requests for F&B functions should be addressed to the ELCC Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)), indicating the type of function (coffee break, cocktail, standing lunch, other) and number of guests.

The assignment of F&B time-slots and areas will be processed on a first come, first served basis. **Only when the time-slot and location are assigned will the company be given the contact details** of the catering person responsible for their requirements and through whom they can place their orders. F&B functions should not last more than half an hour. Whether they can take place before or after the satellite symposium will depend on the availability of the F&B area.

No food or beverages are allowed inside any of the auditoria, without previous permission from the ELCC Secretariat. However, an exception is made for water. Each company may offer water in plastic bottles to their Satellite participants. Of course, it is the responsibility of the company to clean the room after the session. If the organiser needs to intervene for cleaning purposes the **extra costs will be charged to the company.**

Please note also that any food items served in the Congress centre must be purchased through the official catering service.

## 2.12 Duration of the satellite symposium

All companies are obliged to respect the start and closure times of the satellite symposia. Extensions beyond assigned time slots are not allowed under any circumstances. Infringement of this regulation will affect the sponsors priority list for future ESMO Congresses.

## 2.13 Installation, rehearsal and dismantling times

The set-up and dismantling times are extremely limited and must be respected in full. Please refer to the online programme to check the timing. For additional queries please contact the ELCC 2025 Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)).

Rehearsal slots are free of charge (max. 30-minutes slot per Satellite Symposium) and can be requested via the ELCC 2025 Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)).

However, please note that:

- Rehearsal slots are not guaranteed
- Rehearsals will be assigned on a first-come, first-served basis
- Rehearsals may only be booked upon request and availability

Any request for rehearsals should be sent to the ELCC 2025 Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)).

## 2.14 Invited Speakers preview centre

The companies organising a satellite symposium must use the invited speakers preview centre and follow the instructions that the ELCC 2025 Secretariat prepares for its own speakers.

The usage of the speakers preview centre includes:

- Direct PPT upload from the speakers preview centre to the Satellite Symposium room
- Support for the speakers/uploader in the speaker preview centre regarding the upload and management of the PPT presentations
- Hostess (1)

Please inform by **26 February 2025** the latest the name of the designated representative that will be allowed to access the speaker centre and will be assisted in the upload of presentation(s) by our technicians.

## 2.15 Presentation material

Please note that the presentations must be prepared in **PowerPoint 2010, 2013 or 2016 (MS Windows)** and provided on an **USB-removable drive**. Set the slide size to **“Widescreen 16:9”** and **landscape orientation**.

## 2.16 Onsite faculty expenses

Registration, travel and accommodation: ESMO will subsidise registration fees, travel expenses and cover hotel accommodation for a maximum of three (3) nights for any expert already speaking in the official ELCC 2025 programme at an ESMO Faculty hotel and **in accordance with the ELCC 2025 invited speaker reimbursement policy**. Speakers who are NOT participating in the official ELCC 2025 programme must have their registration fees, and travel and accommodation expenses covered in full by the sponsor.

## 2.17 Satellite symposia contacts/representatives

Each company will provide the name of one person who will be responsible for the organisation of its satellite symposium and notify the ELCC 2025 Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform the ELCC 2025 Secretariat accordingly. The ELCC 2025 Secretariat strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the satellite symposium, the company must inform the ELCC 2025 Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from the ELCC 2025 Secretariat.

### 3. SATELLITE SYMPOSIA ON THE VIRTUAL PLATFORM

The Industry Satellite Symposia will be live streamed to the ELCC 2025 Virtual Congress Platform. The live streaming will give online delegates the opportunity to follow the Industry Satellite Symposia in real time but also on-demand.

The operational and logistical details will be provided in the ELCC 2025 Industry Satellite Symposia Technical Manual (including a checklist) four months before the congress.

#### 3.1 ELCC 2025 Industry Satellite Symposia Gallery

All satellite symposia will be allocated in the ELCC 2025 Industry Satellite Symposia Gallery. This Gallery will display the digital Programme Posters, the Evaluation Forms and Session page.

#### 3.2 Default display of the satellite symposium on-demand

All on-demand sessions, including the Industry Satellite Symposia, will be displayed presentation by presentation (one single presentation for each speaker/lecture).

There is also the possibility to add a disclaimer text on the top of the on-demand satellite.

#### 3.3 Chairs/Speakers

On the Virtual Congress Platform there is a dedicated page where are listed all the chairs/speakers with pictures, names and related biographies.

Pictures and biographies will be uploaded only if provided at least a month in advance.

#### 3.4 Presentation View and streaming with CTI

As a default, the presentation slides are shown on the right, and the presenter's video is displayed on the left. The chat is displayed on the right of the presentation.

#### 3.5 Customised background

##### *Live streaming layout on the virtual platform*

Companies can customise their background of their industry Satellite Symposium for the Virtual Congress Platform on a complimentary basis. The ELCC 2025 logo and graphic should not appear, but feel free to include your company logo and branding.

##### *Onsite screen background*

The onsite screen layout of your satellite symposium during the Q&A can be branded with your Industry Satellite Symposium graphic.

#### 3.6 Questions & Answers/Chat Function

Each satellite symposium slot can include at the end a Live Q&A within the allocated 60 minutes slot, where speakers and/or chairs discuss the session content and delegates can send in questions via the Q&A chat. The session can contain some slides or videos if required, followed by the discussion.

Companies can choose the type of chat they prefer between:

##### *Moderated Chat*

All submitted questions are first viewed by a chat assistant for approval. Once approved, the questions are then visible to presenters and other chat participants. After the question appears in the chat room, the chat assistant can still delete it by clicking "Remove". The onsite chairs will receive an iPad in which they can read the selected questions.

Each company is entitled to have up to 3 chat moderators, who have the possibility to approve, reply and delete comments (for moderated chat only), when necessary. To be able to login to the virtual congress platform, chat moderators need to be registered for the ELCC 2025.

### *Unmoderated Chat*

The onsite chairs will receive an iPad in which they can read the selected questions. All submitted questions are visible to presenters and other chat participants.

Companies MUST confirm if they would like to have a moderated or unmoderated chat and send contact details of max. 3 chat moderators by **26 February 2025** by informing the ELCC 2025 Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)).

### **3.7 Post-Congress hosting**

All the official sessions and satellite symposia will automatically be uploaded (**without editing/review**) on the Virtual Congress Platform as on-demand sessions within 12 hours after the end of each session, until Monday 31 March 2025 at 12:00 CET. From Monday 31 March at 12:00 CET, the official sessions, where permission is granted, will also be added to **OncologyPRO** or **ESMO website**.

All on-demand sessions will be prepared by our official supplier: CTI Meeting Technology.

If the sponsoring company does not want the satellite webcast to be on-demand on the VCP, OncologyPRO or ESMO website, please notify ESMO at [elcc@esmo.org](mailto:elcc@esmo.org) by **19 February 2025**.

The post-congress hosting will provide a unique opportunity for all satellite organisers to host their on-demand satellite session(s) also after the Virtual Congress Platform closure and make the content easily accessible to all registered attendees\* and ESMO Members.

Post-congress, the hosting will be handled as follows:

- OncologyPRO Sponsors satellite symposia will be hosted on OncologyPRO for 2 years
- Non-OncologyPRO Sponsors satellite symposia will be hosted free of charge on the ESMO website for 6 months

To find out more on how to become an OncologyPRO sponsor contact Jon Roberts ([jon.roberts@esmo.org](mailto:jon.roberts@esmo.org)) or Anna MacDougall ([anna.macdougall@esmo.org](mailto:anna.macdougall@esmo.org)).

Editing of the ESMO Satellite Symposia after the live event should have as sole purpose the curation of the event flow in order to optimise the On Demand use. Such editing should respect, and restrict any modification of, the original content, discussion and contributions conveyed by the speakers, discussants and audience participating in the live event.

\* Non-Member registered attendees will have access for 6 months post-congress.

### **3.8 Webcast**

Companies will receive the recording file of the full session, including the live Q&A. The result of the recording will be raw .mp4 format files, divided by presentation.

ESMO discourages all Industry Partners from hosting their official Industry Satellite Symposia webcasts on their respective corporate/educational/medical websites during the period of the congress as this may affect the attendance of the satellite symposium/symposia both onsite and on the VCP.

If companies intend promoting their satellite symposium/symposia on their corporate/educational/medical website(s), we advise using the specific link to the respective satellite symposium (hosted on the ELCC 2025 VCP). We thank you in advance for following these recommendations which will help optimise the collective gathering of the global oncology community throughout the event.

### **3.9 Evaluation of the symposium**

From the Satellite Symposia Gallery, the Companies can decide to have a link to a satellite evaluation questionnaire placed on an external website. It is the responsibility of the Company to monitor and assess the result of the evaluation. Deadline to send the link to [elcc@esmo.org](mailto:elcc@esmo.org) by **26 February 2025**.

### 3.10 General metrics

The following metrics will be available after the congress:

- No. of users per session
- Average view duration
- No. of users per country
- Average number of users over the congress period

# PROMOTION

## 5. PROMOTION OF THE SATELLITE SYMPOSIUM AND OTHER ACTIVITIES

### 5.1 Publications and Advertising

Each company will ensure that all company publications referring to Satellite symposia mention: “ELCC 2025 Industry Satellite Symposium” in order to avoid any confusion with the official scientific programme. For this reason, all companies must submit a copy of the final publication to [sponsorevents@esmo.org](mailto:sponsorevents@esmo.org) and respect the following deadlines:

<b>2 December 2024</b>	Daily Reporter Banners
<b>13 January 2025</b>	Satellite Invitation Weblink and Virtual Congress Bag Insert
<b>27 January 2025</b>	Virtual Scientific Programme Banners and Virtual Congress Banners

ELCC 2025 Secretariat suggests avoiding cultural or historical references in printed material and bears no responsibility should any such references cause offence.

Furthermore, ELCC 2025 Secretariat bears no responsibility towards the delegates for the display, promotion or sale of therapies or services, neither are ESMO supporting those products or services for their sole promotion at ELCC 2025.

However, ELCC 2025 Secretariat reserves the right to deny at any time the display, promotion or sale of products, therapies or services should these be against the generally accepted clinical approach. Promotion of unapproved therapies (by regulatory authorities) is regulated by the local and European laws and ELCC 2025 Secretariat bears no responsibility in case of a complaint based on such laws. Sponsoring companies are therefore advised to consult the Codes of Practice of their governing bodies for information and guidance on regulations around attendance at medical congresses. In all cases, sponsoring companies are responsible for ensuring that their promotion during the congress is legally and ethically acceptable in France.

### 5.2 Reproduction of logos

Each company is entitled to use the official logo of ELCC 2025 on invitations and promotional documents related to the approved Satellite symposium.

Companies are not allowed to use the ESMO corporate logo under any circumstances.

The ESMO Events Sponsorship Department ([sponsorevents@esmo.org](mailto:sponsorevents@esmo.org)) will provide the ELCC 2025 logo as an electronic file upon request, but not before the draft of the invitation or other promotional material is submitted for approval.

### 5.3 Inviting participants

Inviting participants to your satellites has never been this easy and effective! Within each satellite package we allow our Industry Partners to showcase their satellite(s) via a digital satellite invitation weblink whereby we invite delegates to find out more about your session(s).

In the ELCC 2025 E-Newsletter there will be a dedicated Industry E-News section whereby all these digital invitations will be grouped. These invitations will also be included in our online programme to further increase awareness.

From **16 January 2025** your satellite invitation weblink will go live (this will be subject to prior submission before **13 January 2025** deadline and subsequent approval by the ESMO Events Sponsorship Department). The ELCC 2025 E-Newsletter will be sent out to all registered delegates in **February 2025**.

### **Rules and Regulations:**

ESMO reserves the right to refuse requested Weblinks should any web page be deemed to conflict with ESMO ethics or interests.

- A weblink is a page or pdf, created by the sponsoring company, highlighting their satellite symposium.

- This page must not include links, hyperlinks, hot-spots or any means through which the advert can be linked to another site. There will be no exceptions made to this rule
- The weblink may consist of more than 1 virtual page, due to its' online nature, however no more than 2 pages can be included per weblink
- Under no circumstances may "Flash files" be allowed
- Any requests for content or structure change/amendments after the weblink has been linked to the appropriate listing will not be actioned

### **5.4 Virtual Congress Bag Inserts**

Depending on the chosen sponsorship package there is a possibility for companies to have a Virtual Congress Bag Insert within the Virtual Congress Bag. Artwork should not be larger than A4 format and less than 5MB. Artwork should be submitted to [sponsorevents@esmo.org](mailto:sponsorevents@esmo.org) by **13 January 2025** for evaluation.

Advertisements are possible in the virtual Congress environment. Please contact [sponsorevents@esmo.org](mailto:sponsorevents@esmo.org) for further details.

## 5.6 Onsite satellite promotion and distribution

For the display of programme posters, one designated poster board will be made available in a public area.

All companies must submit a copy of their final artwork before production gets underway. This must in turn be submitted for approval to the ELCC 2025 Secretariat ([elcc@esmo.org](mailto:elcc@esmo.org)) by **31 January 2025**.

The size of the poster board will be provided in the ELCC 2025 Industry Satellite Symposia Technical Manual (including a checklist). four months before the congress.

The display of posters is forbidden in other areas of the Congress centre other than on the designated poster boards, throughout the Congress period. Invitations\* and flyers may not be distributed to participants in any access to, or in public areas of, the Congress centre, including between the metro station, bus stop and the main entrance of the Congress venue.

Flyers may, however, be distributed at the company booth from when the exhibition is open and in front of the door(s) of the assigned auditorium no earlier than one (1) hour before the start of the satellite symposium.

The production, distribution or display of promotional materials at the hotels where participants are staying during the Congress is discouraged by the ELCC 2025 Secretariat. However, if such items are produced and distributed, their texts must follow the same rules as those that apply to other printed material. No assistance will be provided by the ELCC 2025 Secretariat for the distribution of material or for the list of official Congress hotels.

\*Artwork production and delivery of invitations is at the sponsoring company's expense

## 5.7 Other promotional activities

Any other activity organised with the purpose of promoting the company's presence during the event or its products or services is subject to the ELCC 2025 Secretariat approval.

## 5.8 Promotion related to product and services

Companies holding satellite symposia are responsible for obtaining relevant information and for complying with all French and international rules and regulations related to advertising and promotion of all products and services mentioned as part of the satellite symposium. Advertising of a specific product does not mean acceptance by ESMO, and the corporation is solely responsible for bringing its advertising into line with local and European laws, as applicable.

Unexpected cancellation of the event: ESMO reserves the right to cancel without notice or compensation ELCC 2025 in the event of force majeure cases (e.g. any acts of God, strikes, labour disputes, epidemics, pandemics, riots, fires, flood, terrorist attacks, governmental actions and regulations, damages or other fatal occurrences). In such cases, ESMO is not liable for failure to perform any obligation hereunder but will reimburse any payments received from the sponsoring company less any costs incurred while preparing the event.

Nor shall ESMO be liable to the sponsoring company for any indirect or consequential loss, damages, claims or demands arising out of this Agreement, including without limitation any economic loss or other loss of income, profits, business, opportunity, reputation or goodwill.

ESMO gives no warranties in respect of any aspect of ELCC 2025 or any materials related thereto or offered at ELCC 2025 and, to the fullest extent possible disclaims all implied warranties, including but not limited to warranties of fitness for a particular purpose, accuracy, timeliness, and merchantability. ELCC 2025 is provided on an “as-is” basis. The sponsoring company acknowledges that it is its responsibility to ensure a secure and stable internet connection, compatible operating system requirements and that its web browser is up to date in order to avoid connectivity or other technical issues when participating at ELCC 2025. ESMO will use its best efforts to provide access to ELCC 2025 through third party channels. In the event that the participant encounters connectivity issues due to a weak internet connection, incompatible operating system requirements or inappropriate web browser settings, the participant acknowledges that ESMO is not liable.

**Bankruptcy or Liquidation**

In case the sponsoring company becomes bankrupt or enters into liquidation other than for the purpose of restructuring or merger, or has a receiver appointed, ESMO shall be at liberty to terminate immediately the contract with the sponsoring company, to cancel the allocation of sponsorship product(s)/service(s) to the company and to forfeit all sums paid by the company.

**Security and Insurance**

Neither ESMO nor its affiliates shall be liable for any direct, indirect, special, incidental, or consequential costs, damages or losses arising directly or indirectly from ELCC 2025 or other aspect related thereto.

The sponsoring company/exhibitor shall indemnify ESMO and its contractors to third persons, as a result of any act or omission of the company, its staff, agent or personnel hired on a temporary basis.

As ESMO and its contractors will accept no responsibility for any of the foregoing matters, the sponsoring company should affect his/her own insurance against any risk of loss due to theft or negligence, damage, injury or liability. The sponsoring company agrees not to pursue ESMO for any previously listed risks.

**Violation Procedure**

The procedure for policing and enforcing the violation is as follows:

When noticing a violation, ESMO staff will ask the company to correct the situation according to the applicable regulations.

If the company refuses to comply, ESMO staff will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant sponsoring company will be invited to present the company's view, after which the Committee will give its opinion.

This will be confirmed in writing after ELCC 2025. Appeals may be made to the ESMO Management.

**Penalties**

- First violation: No accrual of points for the year.
- Second violation: No accrual of points plus the loss of all accrued points to date.
- Third violation: No right to participate at the next ESMO event.

**Claims Procedures, Place of Performance and Jurisdiction**

All claims by the company booking any sponsorship product(s)/service(s) against ESMO must be in writing.

**Final Clause**

In cases not covered by the regulations in these Industry Guidelines, ESMO interpretation shall be final.

## ESMO PRIORITY LIST

---

The sponsorship point system has been designed to recognise sponsor investment in ESMO projects and sponsorship points are allocated in acknowledgement of each EUR 10,000 of sponsorship investment.

- a. Accrued sponsorship points define the position of each company in the ESMO sponsors priority list. The priority list identifies companies that will be offered visibility at, and privileged within, events such as the ESMO Congress and related activities, for example satellite symposia, Industry display area space, hotel accommodation, etc.
- b. When an equal number of points are held by 2 or more sponsoring companies, promotional opportunities will be assigned according to the monetary value of the requested opportunities.
- c. ESMO nevertheless retains the right to privilege smaller emerging companies when their products are innovative and the Society feels that their participation in the event would be of benefit to delegates. When satellite symposia are assigned in relation to this clause, the company guarantees that the programme will not be presented elsewhere before the ESMO Congress. Furthermore, all sponsorship items assigned in relation to this clause are subject to specific terms and conditions.
- d. Sponsorship points are cumulative but expire at the end of the 24<sup>th</sup> month after which they have been allocated.
- e. ESMO recognises the importance of long-term relationships. To this end, 2 points will be assigned to companies for their presence and loyalty on a yearly basis for a minimum of EUR 10,000 of support. The 2 points will not expire. However, for each calendar year during which a company has not been present (with any kind of support), the 2 points are deducted from the company's record.
- f. ESMO will also recognise the contribution to advancements in medicine and science at the ESMO annual Congress. ESMO will allocate one point for each abstract accepted for oral presentation with the mention "Funding by..."
