INTRODUCTION

ESMO TAT is a key multi-stakeholder forum that brings together researchers, industry partners, investors, and regulatory bodies under the same roof, making the event essential for any professional involved in the development of new anticancer drugs.

Recognising the excellent opportunities that this event creates as a forum connecting different actors in oncology, ESMO TAT 2025 will underpin the vital collaboration required to improve the outcomes for cancer patients worldwide.

Following last year's success, ESMO TAT 2025 will host again **five special sessions with industry** addressing drug development, methodological, regulatory, strategic financing, and investment issues, offering attendees a fresh, wide-ranging perspective on the development of innovative cancer therapeutics and their optimal implementation.

Empowering the views of stakeholders beyond academia, such as industry, investors and regulators will enrich the educational and scientific content of ESMO TAT 2025 in the fascinating arena of therapeutic innovation.

We look forward to meeting you in Paris!

INDUSTRY SATELLITE SYMPOSIA

1. SATELLITE SYMPOSIA GENERAL INFORMATION

Satellite symposia will take place from 3 to 4 March 2025. Details of available slots may be obtained by email from the ESMO Strategic Partnerships Department (jon.roberts@esmo.org or anna.macdougall@esmo.org).

1.1 Satellite Symposia Programmes

All satellite symposia programmes must be approved by the ESMO TAT 2025 Scientific Committee prior to any invitations with a view to ensuring the scientific quality and scope of such symposia are within the framework of the Congress.

Companies are strongly encouraged to establish a programme in line with the general concept of the Congress scientific programme. Current ESMO TAT 2025 policy encourages the avoidance of topic and/or statement repetition, and/or lectures which may be in conflict with what the ESMO TAT 2025 Scientific Committee considers to be a proper, scientifically well-founded point of view.

The ESMO TAT organisers are working to ensure diversity amongst presenters, and companies are also highly encouraged to consider both gender and nationality balance when selecting satellite Chairs and speakers.

The ESMO TAT organisers reserves the right to veto speakers. In order to ensure a greater diversity of opinion and scientific contribution, the Scientific Committee strongly recommends that a speaker presents at no more than one (1) satellite symposium; however, if unavoidable, a speaker may be involved in a second satellite for a maximum of two (2) symposia during the Congress. Kindly note that this restriction applies regardless of whether the speaker receives an honorarium or not. Any changes in the provisional or in the final programme must be forwarded immediately to the Scientific Committee (programme@esmo.org).

Additionally, and in accordance with the ESMO Organisational Regulations, the following ESMO Officers are not allowed to participate (either as a Chair or Presenter) in any satellite symposium:

- Congress Scientific Co-Chair
- ESMO Cancer Medicines Committee Chair
- ESMO Compliance Committee Chair
- ESMO Educational Committee Chair
- ESMO Guidelines Committee Chair
- Editors-in-Chief of ESMO Journals
- Deputy Editors-in-Chief of ESMO Journals
- ESMO-Magnitude of Clinical Benefit Scale Working Group Chair

All other ESMO Executive Board and Council members may participate in a maximum of two industry satellite symposia subject to approval by the ESMO Executive Board. This restriction does not apply to ESMO Colloquia. Details of the ESMO Council may be found via: https://www.esmo.org/about-esmo/organisational-structure/esmo-council

Any changes to the provisional or the final programme must be forwarded **immediately** for re-approval to the ESMO Scientific Programmes Department (<u>programme@esmo.org</u>). After the outcome notification, only minor changes will be taken into consideration.

Submitting an abstract to the ESMO TAT 2025 Scientific Committee and the official Congress programme implies that the study reported therein will not be presented as such during the Congress at any Industry Satellite symposium and that it has not been presented elsewhere. Therefore, presenting an abstract certifies that it is not connected to any Industry Satellite Symposia.

Regarding **onsite Faculty expenses**, please see details in **point 2.15**.

1.2 Applications

The ESMO Strategic Partnerships Department will approach companies with a proposal to participate at ESMO TAT 2025. At the Congress, Satellite Symposia slots are assigned by sponsorship level and on a first come, first served basis.

1.3 Programme submission deadlines

15 January 2025	Deadline for receipt of the programme proposals. The proposed programme, including symposium title, presentation titles, names and full contact details of proposed speakers and chairpersons, must be submitted to the ESMO Scientific Programmes Department (programme@esmo.org) using the official Congress programme template.
22 January 2025	Notification of acceptance / rejection / request for modifications to the programme as decided by the Scientific Committee. After that only minor changes will be taken into consideration.

Notes:

- 1. The above timeline has been established to give all sponsors equal opportunities to invite preferred Speakers and late submission of programme proposals cannot delay the overall approval process. Sponsors who do not adhere to the deadline risk not being able to invite preferred Speakers if they have already been confirmed for other satellites in accordance with this schedule.
- 2. It will be the responsibility of Speakers who have been nominated for more than two satellites to choose which to accept.

1.4 Support a Colloquium

Slots will be allocated by ESMO

A variety of independent state-of-the-art updates on new developments in oncology can be supported with the primary objective to further enhance the educational experience of our delegates.

This will allow you to support official scientific education by ESMO without being directly involved in the development of the programme, or in selecting the faculty. ESMO handle all logistics and promotion of the colloquia. All colloquia will be recorded and the on-demand versions will be promoted via the OncologyPRO newsletter after the live event.

Companies interested in this product must secure a satellite symposium slot first.

For more information, please contact colloquia@esmo.org

*All ESMO Colloquia Slots are ESMO-MORA accredited

Speakers on stage will be able to follow the presentations through a comfort monitor.

2.3 Technical and monitoring staff

One technical staff member is assigned to each room. Please note that badge checkers are not provided for satellite slots. If you require this service, it will need to be booked separately.

For more information regarding additional hostesses, please write to meetings@esmo.org

2.4 Alternative stage set-up, additional equipment and/or personnel

Owing to the limited set-up and dismantling time necessary between satellite symposia slots (15 minutes), change of setup is not allowed.

Additional audio-visual equipment should only be ordered through the official supplier, to and no later than the **6 December 2024**.

2.5 Session rooms lectern

Kindly be informed that only the lectern can be branded. It is very important that the Congress graphic will not be ruined, therefore, considering also the limited setup and dismantling times, ESMO suggests you create a graphic which can easily be removed (e.g. forex panel). The company is responsible for the creation, printing and hanging the graphic. If you need a local supplier contact please write to meetings@esmo.org. The specs to create the artwork will be provided in a later stage.

In case you do not want to customise the lectern graphic, the ESMO TAT Congress 2025 signage will be displayed.

2.6 Lectern laptop usage

Kindly be informed that the following regulations will apply to the onsite laptop at the lectern in the assigned room:

- The laptop **cannot** be removed or un-cabled from the lectern
- It is strictly forbidden to upload any presentation on the laptop using a USB key
- No laptop set-ups can be changed

2.7 Polling/voting system

Companies interested in using a polling system can contact the ESMO TAT Secretariat (meetings@esmo.org) no later than **24 February 2025**. The polling system is exclusively provided by CTI Meeting Technology. Polling/voting systems from different providers are not permitted.

2.8 Session timer

In order to avoid sessions running late, the ESMO TAT Secretariat implemented a timer in the session room of the ESMO TAT 2025 Congress. The timer is a count-down, which allows speakers to monitor their presentation remaining time and it's displayed only on the comfort monitor(s) visible by the panellists and the speaker at the lectern. It is not visible by the audience nor in the produced webcast.

This timer is implemented to all Satellite Symposia by default, but in order to take advantage of it **companies MUST provide the session slides divided by presentation.**

If the sponsoring company does not want the session timer, please notify to the ESMO TAT Secretariat at meetings@esmo.org by **24 February 2025.**

2.9 Lead System / Badge Scanner

The ESMO TAT 2025 Lead Retrieval System is a fast and easy way to record visitors' contact information. By simply scanning a visitor's name badge with the supplied scanner, that contact is entered into your own visitor database, including all relevant product information or comments which have been added to these visitors' profiles beforehand. Following the event, approved visitors' address data can be provided in printed form or as a MS Excel file, or made available with proper access rights through an online platform. Further details are available in the Lead System brochure and order form on the ESMO website.

Badge scanners shall be ordered through the official supplier CTI Meeting Technology at leadsystem@ctimeetingtech.com

2.10 Food & Beverage areas

No food or beverages are allowed inside any of the auditoria. However, an exception is made for water. Each company may offer water in PET bottles to their Satellite participants. Of course, it is the responsibility of the company to clean the room after the session. If the organiser needs to intervene for cleaning purposes the **extra costs will be charged to the company**.

However, the Satellite organisers are welcome to support the official coffee breaks and lunches that are foreseen close to your selected timeslot. Any request should be addressed to the **ESMO TAT congress Secretariat** (meetings@esmo.org).

Please also note that any food items served in the Congress centre must be purchased through the official catering service.

2.11 Duration of the satellite symposium

All companies are obliged to respect the start and closure times of the satellite symposia. Extensions beyond assigned time slots are not allowed under any circumstances. Infringement of this regulation will affect the sponsors priority list for future ESMO Congresses.

2.12 Installation, rehearsal and dismantling times

The set-up and dismantling times are extremely limited and must be respected in full. Please refer to the online programme to check the timing. For additional queries please contact the ESMO TAT Secretariat (meetings@esmo.org).

Rehearsal slots are free of charge (max. 15-minutes slot per Satellite Symposium) and can be requested via the ESMO TAT Secretariat (meetings@esmo.org).

However, please note that:

- Rehearsal slots are not guaranteed
- Rehearsals will be assigned on a first-come, first-served basis

· Rehearsals may only be booked upon request and availability

Any request for rehearsals should be sent to the ESMO TAT Secretariat meetings@esmo.org.

2.13 Invited speakers preview centre

The companies organising a satellite symposium must use the invited speakers preview centre and follow the instructions that the ESMO TAT Secretariat prepares for its own speakers.

The usage of the speakers preview centre includes:

- Direct PPT upload from the speakers preview centre to the Satellite Symposium room
- Support for the speakers/uploader in the speaker preview centre regarding the upload and management of the PPT presentations
- Hostess (1)

Please inform by **22 November 2024** the latest and communicate the name of the designated representative that will be allowed to access the speaker centre and will be assisted in the upload of presentation(s) by our technicians.

2.14 Presentation material

Please note that the presentations must be prepared in **PowerPoint** 2010, 2013 or 2016 (MS Windows) and provided on an **USB-removable drive**. Set the slide size to "Widescreen 16:9" and landscape orientation.

2.15 Onsite Faculty expenses

Registration, travel and accommodation: ESMO will subsidise registration fees, travel expenses and cover hotel accommodation for a maximum of two (2) nights for any expert already speaking in the official ESMO TAT 2025 programme at the ESMO TAT Faculty hotel and **in accordance with the ESMO TAT 2025 invited speaker reimbursement policy**. Speakers who are NOT participating in the official ESMO TAT 2025 programme must have their registration fees, and travel and accommodation expenses covered in full by the sponsor.

2.16 Satellite symposia contacts/representatives

Each company will provide the name of one person who will be responsible for the organisation of its satellite symposium and notify the ESMO TAT Secretariat (meetings@esmo.org) as soon as possible about any changes.

If several people are responsible for various aspects (financial, organisational, etc.) of the symposium, the company must inform the ESMO TAT secretariat accordingly. The ESMO TAT secretariat strongly recommends, however, that only one (1) contact person is appointed.

If an agency is appointed to manage and organise the satellite symposium, the company must inform the ESMO TAT Secretariat and provide the agency name and contact person details. Only official agency representatives will receive information material from the ESMO TAT Secretariat.

2.17 Post-Congress hosting

From Thursday 6 March, the official sessions, where permission is granted, will be added to **OncologyPRO** or **ESMO website**.

If the sponsoring company does not want the satellite webcast to be on OncologyPRO or ESMO website, please notify ESMO at meetings@esmo.org by 6 December 2024.

All sessions will be prepared by our official supplier: CTI Meeting Technology.

The post-congress hosting will provide a unique opportunity for all satellite organisers to host their on-demand satellite session(s) and make the content easily accessible to all registered attendees* and ESMO Members.

Post-congress, the hosting will be handled as follows:

- OncologyPRO Sponsors satellite symposia will be hosted on OncologyPRO for 2 years
- Non-OncologyPRO Sponsors satellite symposia will be hosted free of charge on the ESMO website for 6 months

To find out more on how to become an OncologyPRO sponsor contact Jon Roberts (<u>jon.roberts@esmo.org</u>) or Sinéad Calcagno (<u>sinead.calcagno@esmo.org</u>).

Editing of the ESMO Satellite Symposia after the live event should have as sole purpose the curation of the event flow in order to optimise the On Demand use. Such editing should respect, and restrict any modification of, the original content, discussion and contributions conveyed by the speakers, discussants and audience participating in the live event.

* Non-Member registered attendees will have access for 6 months post-congress.

2.18 Webcast

Companies will receive the recording file of the full session, including the live Q&A. The result of the recording will be raw .mp4 format files, divided by presentation.

ESMO discourages all Industry Partners from hosting their official Industry Satellite Symposia webcasts on their respective corporate/educational/medical websites during the period of the congress as this may affect the attendance of the onsite satellite symposium/symposia.

2.19 General Metrics

Complete metrics will be available after the congress.

3. ADDITIONAL INFORMATION

3.1 Registration

Companies can decide to assign these complimentary registrations to:

PROMOTION

4. PROMOTION OF THE SATELLITE SYMPOSIUM AND OTHER ACTIVITIES

4.1 Publications and onsite Advertising

Each company will ensure that all company publications referring to Satellite symposia mention: "ESMO TAT 2025 Industry Satellite Symposium" in order to avoid any confusion with the official scientific programme. For this reason, all companies must submit a copy of the final publication to meetings@esmo.org and respect the following deadlines:

29 January 2025 Daily Reporter Banners

05 February 2025 Satellite Invitation Weblink and Onsite Satellite poster

ESMO TAT 2025 Secretariat suggests avoiding cultural or historical references in printed material and bears no responsibility should any such references cause offence.

Furthermore, ESMO TAT 2025 Secretariat bears no responsibility towards the delegates for the display, promotion or sale of therapies or services, neither are ESMO supporting those products or services for their sole promotion at ESMO TAT 2025.

However, ESMO TAT 2025 secretariat reserves the right to deny at any time the display, promotion or sale of products, therapies or services should these be against the generally accepted clinical approach. Promotion of unapproved therapies (by regulatory authorities) is regulated by the local and International laws and ESMO TAT 2025 secretariat bears no responsibility in case of a complaint based on such laws. Sponsoring companies are therefore advised to consult the Codes of Practice of their governing bodies for information and guidance on regulations around attendance at medical congresses. In all cases, sponsoring companies are responsible for ensuring that their promotion during the congress is legally and ethically acceptable in Switzerland and France.

4.2 Reproduction of logos

Each company is entitled to use the official logo of ESMO TAT 2025 on invitations and promotional documents related to the approved Satellite symposium.

Companies are not allowed to use the ESMO logo under any circumstances.

The ESMO TAT Secretariat (<u>meetings@esmo.org</u>) will provide the ESMO TAT 2025 logo as an electronic file upon request, but not before the draft of the invitation or other promotional material is submitted for approval.

4.3 Inviting participants – Satellite Invitation Weblink

Inviting participants to your satellites has never been this easy and effective!

Within each satellite package we allow our Industry Partners to showcase their satellite(s) via a digital satellite invitation weblink whereby we invite delegates to find out more about your session(s).

In the ESMO TAT 2025 E-Newsletter there will be a dedicated Industry E-News section whereby all these digital invitations will be grouped. These invitations will also be included in our online programme to further increase awareness.

From the **11 February 2025** your satellite invitation weblink will go live (this will be subject to prior submission before the **5 February 2025** deadline and subsequent approval by the ESMO TAT Secretariat).

The ESMO TAT 2025 E-Newsletter will be sent out to all registered delegates in **February 2025**.

ESMO PRIORITY LIST

The sponsorship point system has been designed to recognise sponsor investment in ESMO projects and sponsorship points are allocated in acknowledgement of each EUR 10,000 of sponsorship investment.

- a. Accrued sponsorship points define the position of each company in the ESMO sponsors priority list. The priority list identifies companies that will be offered visibility at, and privileged within, events such as the ESMO Congress and related activities, for example satellite symposia, Industry display area space, hotel accommodation, etc.

- e. ESMO recognises the importance of long-term relationships. To this end, 2 points will be assigned to companies for their presence and loyalty on a yearly basis for a minimum of EUR 10,000 of support. The 2 points will not expire. However, for each calendar year during which a company has not been present (with any kind of support), the 2 points are deducted from the company's record.
- f. ESMO will also recognise the contribution to advancements in medicine and science at the ESMO annual Congress. ESMO will allocate one point for each abstract accepted for oral presentation with the mention "Study sponsored by..."
