

Breaking the Barriers in Advanced Non-melanoma Skin Cancer: How Can We Optimise Immunotherapy to Elevate Response and Combat Resistance?

Wednesday, 11 December 2024 | 12:00–13:00 CET
Room A, Palexpo, Geneva, Switzerland

Prof. Olivier Michielin, Chair
Lausanne University Hospital
and University of Lausanne Swiss
Institute of Bioinformatics
Lausanne, Switzerland

Dr. Egle Ramelyte
University Hospital Zürich
Zürich, Switzerland

Prof. Christoffer Gebhardt
University Hospital
Hamburg-Eppendorf (UKE)
Hamburg, Germany

AGENDA

-
- 12:00–12:05** **Welcome and Introductions**
Olivier Michielin, Chair
-
- 12:05–12:21** **Redefining Strategies in Advanced Cutaneous Squamous Cell Carcinoma to Circumvent Resistance in Non-responders and Progressors**
Christoffer Gebhardt
-
- 12:21–12:37** **Leveraging Cancer-immune Interactions to Enhance Therapeutic Approaches in Advanced Basal Cell Carcinoma**
Egle Ramelyte
-
- 12:37–12:50** **The Future of Immunotherapy and Molecularly Driven Therapeutics in Advanced Non-melanoma Skin Cancer**
Olivier Michielin
-
- 12:50–13:00** **Panel Discussion**
All Faculty

This symposium is intended for prescribing healthcare professionals only. This industry-sponsored satellite symposium is organized and sponsored by Regeneron on the occasion of the ESMO Immuno-Oncology Congress 2024 in Geneva, Switzerland on 11-13 December 2024. This is not a CME program. This nonpromotional event sponsored by Regeneron will include discussion of investigational products and products that may not be approved by the regulatory agency in your own country.
