

LEAD RETRIEVAL SYSTEM

The CTI Meeting Technology Lead System is a state-of-the-art, fast and easy system for companies/societies to record contact information. The Lead technology runs on apps and uses a high quality bar code scanner included in a mobile device.

Important notes:

- Please note that ESMO GI 2025 on-site delegates may refuse to have their badge scanned. If fully registered delegates give consent to have their badge scanned, the following information is transferred: Title*, first name, last name, institute*, department*, city and country of residence and email address (* not mandatory fields).
- CTI is the official provider for badge scanner rentals. External badge scanners are only allowed in the exhibition area after purchasing an API integration, but not for industry symposium slots.
- CTI offers two different systems: One is used for the sole purpose of exhibition scanning (**EventLead**) and one for corporate session scanning (**EventTrack**) only.

1. EventLead (Exhibition Scanning)

Rent pre-installed devices equipped with the barcode scanner. The exhibitors configuration, product information and custom qualifiers (if used) are preloaded upon collection onsite.

By simply scanning a visitor's badge with the device, the contact is entered into the exhibitor's visitor database, including custom qualifiers (e.g. products, ratings, follow up actions, GDPR statements...) and added comments. The data is permanently synchronized with the server and can be exported as an MS Excel file through an online platform.

Eventlead Features:

- Configure custom qualifiers before the congress through an online portal.
- Immediate access to visitors contact information by scanning their badge.
- Complete missing contact information on the spot, take notes and automate follow-up activities.
- No Wifi needed for the actual scanning process onsite.

- If Wifi is available, data is synchronized continuously.
- Download all data into an Excel file.

EventLead Benefits:

- User-friendly, light and easy.
- The scanners allow companies/societies to be mobile within their reception areas.
- Web-based interface to set up products and services with control panel to access visitors data.
- On- or off-line scanning is possible.
- Scanned data is synched to the server on scheduled intervals.
- Data is available as soon as the synchronization is finished.

2. EventTrack (Industry Symposium Scanning)

EventTrack Information:

- Quick scan mode for scanning delegates in a very short timeframe at an industry symposium.
- Badge scanners will be handled by well-trained CTI hostesses (staff is included in the rental fee).
- The rental period is limited to a maximum of 3 consecutive hours (especially foreseen for a corporate slot).
- The door checkers will meet the companies' representative in front of the session room 30 minutes prior to the official start of the symposium (no need for you to collect the badge scanners directly). Scan results will be emailed in a password protected Excel file to the companies' representative within 48 hours after the symposium.

Note: The included hostesses are assigned by CTI and their role can not be modified. Companies are not allowed to assign other tasks.

Costs

- The following standard prices are available for exhibitors:
 - € 525,00 net for booth scanners (for the duration of the exhibition)
 - € 545,00 net per scanner for symposium scanning (maximum rental period of 3 hours, hostesses are included in this fee)
- These costs are per rented device including the required software systems, staff (symposium scanning only) and an unlimited number of scans.
- Post-deadline higher fees are applicable.
- All billing is carried out in advance by CTI Meeting Technology. Payment can be made with Visa, MasterCard & Amex credit cards, or by bank wire transfer.
- Lead systems are rented according to CTI Meeting Technology General Terms & Conditions.
- The cost of lost, damaged or not completely returned hardware will be charged with € 1.100,00 per scanner, € 50,00 per charging cable and € 50,00 per plug.

Additional Information: "Bring your own device" (for exhibition use only!)

Instead of renting the hardware including the pre-installed app, exhibitors can alternatively use their mobile phones to capture leads. Please note: Our app runs on Android and iOS systems (but not on newer Huawei devices!).

Our EventLead application has to be downloaded pre-show via <https://portal.eventscan.eu/appdownloads/> for Android operating systems or in the Apple store for iOS devices. To activate the app, a code will have to be purchased via the standard Lead Retrieval order form.

The fee per activation code is € 425,00. **Each code can be used one time only** and is valid for the duration of the exhibition.

Support prior, during and after the congress/exhibition is included.

Additional Information: Webservice/API (for exhibition use only!)

ESMO GI badges will be equipped with a QR code (contains the individual person ID only) to collect data. This will allow companies/societies attending the ESMO GI congress to bring and use their own devices.

Structure: <https://portal.eventscan.eu/User/lead/ExternalLinkManual.aspx>

After receipt of an official order access to a link generator, configuration code, security token and some sample badges for testing purposes will be provided.

- **Cost/ Webservice (external devices)**

The following standard prices are available:

- € 825,00 net for Webservice Set Up + € 1,45 per set of data before June 6, 2025
- € 970,00 net for Webservice Set Up + € 1,75 per set of data after June 6, 2025

Administrative Procedure

1. **Order**

Please order the required number of scanners as soon as possible, in order to guarantee the availability as well as the early-bird rate prior to the deadline (June 6, 2025).

2. **Order confirmation**

After receipt of your order, we will confirm the receipt, invoice and charge the amount due.

3. **Configuration of products and services**

Set up of products and services before the exhibition through an online portal. Log In details will be sent two weeks prior to the conference.

4. **Lead capture**

Pick up your scanner including scanner onsite at the lead service desk. Our staff will be available to answer your questions during the opening hours of the event. Scanned data is synchronized to the server automatically on scheduled intervals.

5. **Data provision**

After synchronization with the database you can access, check, print or download your collected data from the online database. You may add relevant information during sales conversations, since not all delegates will provide their complete contact information during the registration process.

Terms and Conditions

4. **GDPR:** Using this service will imply processing of personal data, e.g. when scanning the visitor badges. Note, that any processing of personal data must be in line with GDPR and other applicable data protection laws. By using our service you acknowledge your role as data controller. You are therefore responsible for, and must be able to demonstrate compliance with, the principles relating to processing of personal data (which includes having a legal

ground for processing). Please note, that visitors can object being scanned without negative consequence.

5. **Data:** Download of the data via the online database (print out of the list or download of an MS-Excel file). Since not all delegates will provide the registration department with the complete contact information, we cannot guarantee the accuracy of the data.
6. **Services included:** Quotes are per scanning device, software and an unlimited number of scans.
7. **Scanning:** Scanning is only allowed on the booth or during a corporate session unless agreed by the organizer.
8. **Invoicing:** Invoices for the total purchase amount are sent out after receipt of order. Payment can be made via Visa, MasterCard and Amex credit cards or via bank transfer.
9. **Payment term:** Invoices must be settled within two weeks after receipt, net without any obligations to CTI Meeting Technology. Devices cannot be handed out onsite unless CTI Meeting Technology received full payment.
All payments made by credit card will be assessed a 5% processing fee, added to the invoice and charged at the time of processing.
10. **Order deadline:** After the ordering deadline, CTI Meeting Technology does not accept orders automatically but will confirm acceptance separately. For orders after the deadline, a surcharge is applicable.
11. **Cancellation:** All orders cancelled prior to 30 days of the conference will incur a € 100,00 cancellation fee. Orders cancelled within 30 days of the conference will not be refunded.
12. **General Terms and Conditions:** This business is covered by the General Terms and Conditions of the CTI Meeting Technology GmbH.
