

# OPTIMISING DIAGNOSIS AND MANAGEMENT OF PATIENTS WITH ONCOGENE-ADDICTED LOCALISED NON-SMALL CELL LUNG CANCER

## Co-Chairs

Pilar Garrido Lopez, Madrid, Spain  
Mariana Brandão, Brussels, Belgium

**WEDNESDAY, 26 MARCH 2025**

**12:20 – 13:20 CET, ROOM N02**

12:20	Welcome and introduction	Pilar Garrido Lopez, Madrid, Spain
12:23	Clinical case of localised NSCLC relapsing with oncogene-addicted metastases and analysis of real-world biomarker testing strategies	Mariana Brandão, Brussels, Belgium
12:35	How to optimise the science and workflows for biomarker testing in localised NSCLC: Tissue and plasma	Frédérique Penault-Llorca, Clermont-Ferrand, France
12:47	State-of-the-art biomarker-driven management of patients with oncogene-addicted localised NSCLC	Pilar Garrido Lopez, Madrid, Spain
12:59	Ongoing clinical research activity for patients with localised oncogene-addicted NSCLC	Fabrice Barlesi, Villejuif, France
13:11	Q&A and discussion	All speakers
13:18	Concluding remarks	Mariana Brandão, Brussels, Belgium

This educational activity is provided by ESMO  
and supported by Eli Lilly and Company.
